

voices that change the world

results

RESULTS is a movement of passionate, committed everyday people. They're using their voices to influence political decisions that will bring an end to poverty.

Volunteers receive training, support, and inspiration to become skilled advocates. In time, volunteers learn to effectively advise policy makers, guiding them towards decisions that improve access to education, health, and economic opportunity.

With every hour of their time, volunteers multiply their impact through the enormous power of advocacy — whether it's changing public policy or unlocking government funding for the most effective solutions to poverty.

Together they realize the incredible power they possess to use their voices to change the world.

RESULTS advocates are not paid lobbyists: they are volunteers. As constituents, they're driving change on Capitol Hill and around the world. Just a few of their recent victories:

- Driving U.S. funding for tuberculosis – a global disease of poverty – from less than \$1 million to over \$300 million per year
- Changing U.S. tax policy to support more than 15 million low-income families moving out of poverty
- Passing landmark legislation to support millions more children to access education in low-income countries

what people are saying:

"RESULTS is the most effective advocate for global campaigns that I've seen in my 20 years working on Capitol Hill." – Former Rep. David Jolly (R-FL)

"If members of RESULTS aren't talking about it, we won't hear about it." – Sen. Patty Murray (D-WA)
