

RISE Advocacy Chapter with RESULTS December Webinar

December 13, 2022

**TOGETHER
WOMEN RISE**

Tonight's Webinar

- **Welcome & Introductions**
- **Update on Global Poverty Campaigns (and celebrations!)**
- **Grantee Spotlight**
- **Update on WHO TB data**
- **December Advocacy Action:
Crossing the Finish Line on the End TB Now Act**

Welcome & Introductions

Together Women Rise's Mission

**Together Women Rise cultivates the collective power of
community
to achieve global gender equality.**

OUR VISION

**Together Women Rise envisions a world where every person
has the same opportunities to thrive
regardless of their gender or where they live.**

RESULTS Anti-Oppression Values

The RESULTS logo consists of the word "results" in a white, lowercase, sans-serif font, positioned inside a red speech bubble shape that points downwards.

RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists.

We commit to opposing all forms of oppression, including racism, classism, colonialism, white saviorism, sexism, homophobia, transphobia, ableism, xenophobia, and religious discrimination.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

Find all our anti-oppression resources at: <https://results.org/volunteers/anti-oppression/>

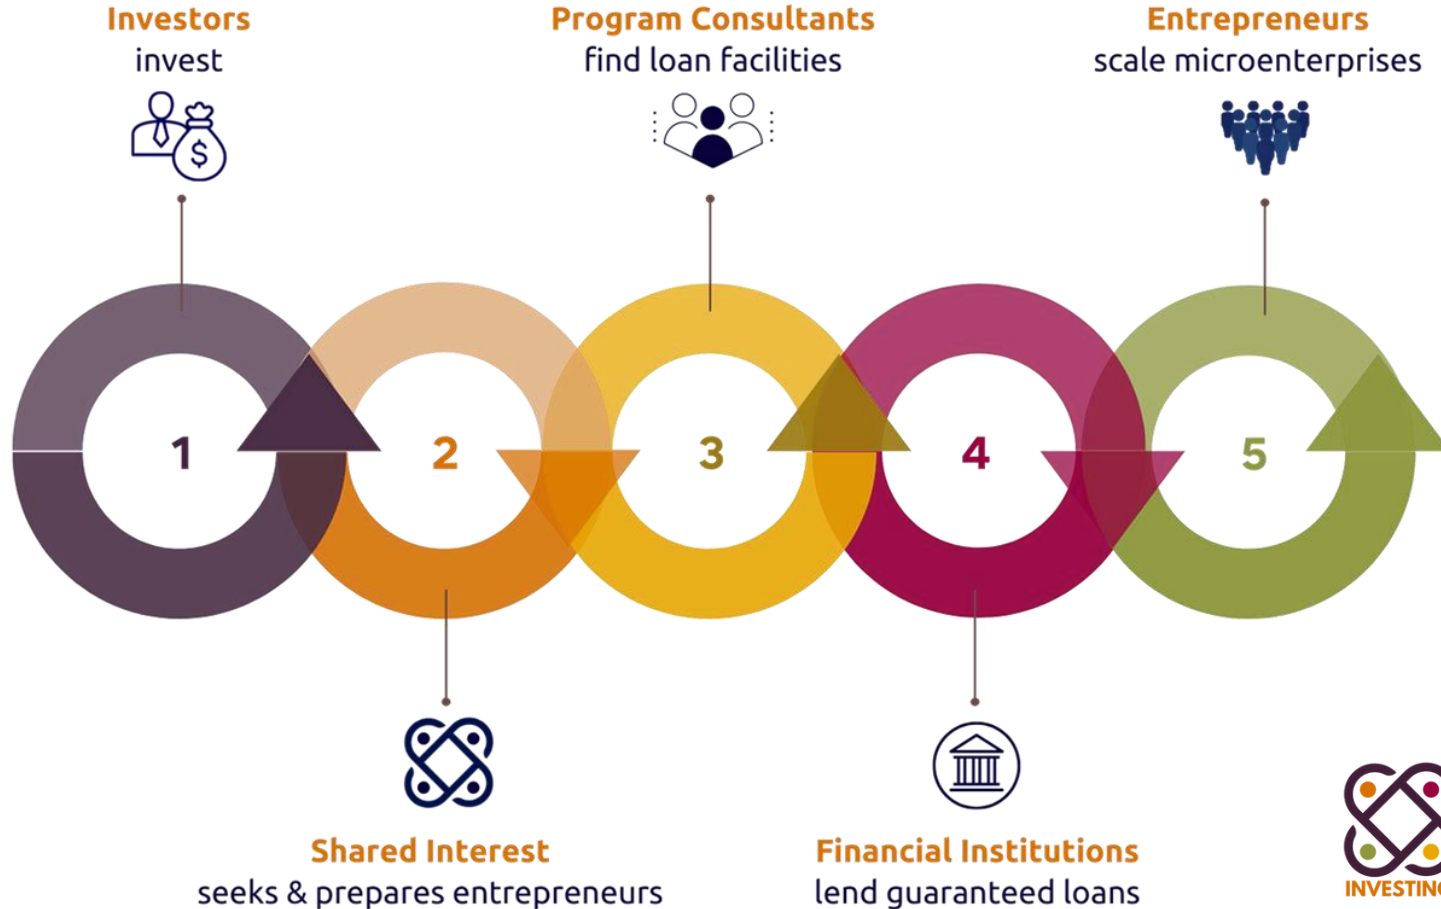

A New Vision of Change for Southern Africa

Through our latest strategic plan and new and innovative partnership model, **Shared Interest** is committed to achieving our guiding star that calls for:

- Working with at least 10 new Southern African financial institutions in seven countries
- Empowering Black-owned businesses capable of benefiting 100,000 low-income Southern Africans in Black communities – 60 percent of them women, and youth.
- Enabling access to capital, markets, and technical training to create sustainable livelihoods for their families and communities.

Innovative 5 Step Approach

Our Impact

Together with our partners, donors, and investors, we are creating widespread impact throughout Southern Africa's communities. Take a look at our impact to date:

2,299,932 Individuals Benefited

1.9M Jobs Created

1:4:2* Capital Leverage Ratio

\$125M Unlocked For Borrowers

\$1.9M Into Black women-owned businesses

237,000 Microenterprises Assisted

\$30M Guarantees

121,620 Homes Built

65 Cooperatives, Entrepreneurs, & Lenders Supported

**Shown as a ratio of the total value of loans made to borrowers vs. total value of guarantees issued by Shared Interest*

Still Work to Do on TB

End TB Now - H.R. 8654 S.8836. Here's what the bill will do:

- Requires the U.S. to establish bold goals for reaching the most vulnerable populations with TB
- Strengthens U.S. bilateral coordination with global organizations to develop and implement a comprehensive global TB response
- Catalyzes support for research and development (R&D) of new tools to prevent, diagnose, treat, and control TB
- Improves the capacity of countries and affected communities with high burdens of TB
- Requires annual reporting to Congress on impact of U.S. TB activities

Still Work to Do on TB: WHO Report

- TB is the second leading infectious disease killer after Covid
- An estimated 10.6 million people fell ill with tuberculosis (TB) in 2021, an increase of 4.5% from 2020, and 1.6 million people died from TB, up from 1.5 in 2020 and 1.4 in 2019.
- The burden of drug-resistant TB (DR-TB) also increased by 3% between 2020 and 2021, with 450 000 new cases
- The reported number of people newly diagnosed with TB fell from 7.1 million in 2019 to 5.8 million in 2020. There was a partial recovery to 6.4 million in 2021, but this was still well below pre-pandemic levels. We are missing a huge number of people with TB.
- We are going the wrong direction on TB and have to do better.

Follow up on co-sponsorship requests

End TB Now Act (H.R. 8654 / S. 3386)

1. Go to [Legislator Lookup](#).
2. Find the Foreign Relations aide.
3. Personalize [this sample message](#).
4. Send the email.
5. Follow up, follow up, follow up.
