The RESULTS International Conference is a hands-on advocacy event held in Washington, DC every summer. # THE REAL CHANGE ORGANIZING AND ADVOCACY FELLOWSHIP

The REAL Change Organizing and Advocacy Fellowship is a hands-on training program for young people between the ages of 18–30 who are ready to become the next generation of advocates fighting poverty. During the year-long program, fellows learn how to work with the media, their communities, and policymakers to create change.

Once selected for the fellowship, participants receive a crash course in advocacy at the RESULTS International Conference in Washington, DC. After three days of coaching and inspiration, fellows spend the final day of the conference on Capitol Hill and speak directly with members of Congress and their staff. Throughout the rest of the year, fellows receive ongoing training on biweekly calls. They hone their advocacy skills taking actions ranging from writing letters to the editor to hosting events to calling their members of Congress.

With **every hour** of their time, volunteers multiply their impact through the enormous power of advocacy — whether it's helping change policy to support **millions** of families putting food on the table or helping raise **billions** of dollars for the world's most vulnerable children.

Backed by the in-depth research and legislative expertise of staff, RESULTS advocates realize the incredible power they possess to use their voices to change the world.
