Call Congress about Protecting Medicaid!

Congress is working to take a major step backward in the health of millions of Americans. Plans are moving forward to repeal the *Affordable Care Act*, which has helped provide over 20 million previously-uninsured Americans access to health care. This includes ending Medicaid as we know it. Medicaid is America's largest insurer and provides vital health care access to millions of low-income Americans.

Don't let Congress cut or restructure Medicaid and take away health care for 14 million people. Call your senators today and tell them to protect Medicaid!
