Our Anti-Oppression Values

The logo for RESULTS, featuring the word "results" in white lowercase letters on a red speech bubble background.

RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists.

We commit to opposing all forms of oppression, including racism, classism, colonialism, white saviorism, sexism, homophobia, transphobia, ableism, xenophobia, and religious discrimination.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

A global
pandemic
demands a global
response.

House: Frankel-Rooney Letter

results

Dear Speaker Pelosi and Minority Leader McCarthy:

We write to request robust funding for the international response to COVID-19 be included in the next phase of emergency funding. As we were harshly reminded when this pandemic rapidly spread from Wuhan to Washington, infectious disease threats know no borders; as long as the COVID-19 pandemic is spreading anywhere in the world, Americans everywhere are at risk.

Signed by 123 members of the House of Representatives

Senate: Rubio-Cardin

The logo consists of the word "results" in a white, lowercase, sans-serif font, positioned inside a red speech bubble shape that points towards the bottom-left.

Dear Majority Leader McConnell and Minority Leader Schumer,

The global outbreak of COVID-19 has demonstrated that threats from infectious diseases know no borders and reinforced the harsh reality that as long as this pandemic is spreading anywhere in the world, Americans are also vulnerable. As the Senate considers the next phase of emergency funding to address the threat caused by this pandemic, we write to strongly support significant U.S. investment in the international response.
