Our Anti-Oppression Values

The logo for RESULTS, featuring the word "results" in white lowercase letters on a red speech bubble background.

RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists.

We commit to opposing all forms of oppression, including racism, classism, colonialism, white saviorism, sexism, homophobia, transphobia, ableism, xenophobia, and religious discrimination.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

struggling before the pandemic?

Where things stand now

The logo for 'results' is located in the top right corner. It consists of the word 'results' in a white, lowercase, sans-serif font, set against a red speech bubble background that points towards the bottom left.

- Congress passed CR until December 11
 - Includes \$8 billion to replace lost school meals for US children
- House passed HEROES Act 2.0, includes:
 - \$50 billion for emergency rental assistance through February
 - Increased SNAP benefits by 15 percent
 - \$10b in global assistance; \$3.5b each for Gavi & Global Fund
- No bipartisan deal, slim chances for one
 - Latest White House proposal includes \$60 billion for rent/mortgage assistance and \$15 billion for food assistance

What candidates and policymakers need to hear

- There is still tremendous need for relief
- Must address underlying issues, like our housing crisis, with bold long-term solutions

Future legislative opportunities

- Finalizing FY21 Appropriations (House \$10 billion SFOPS emergency title) when CR expires in December
- Larger COVID-19 relief package in late 2020 or early 2021
- Potential for large scale tax legislation in first half of 2021
