# The RESULTS National Webinar

March 6, 2021

*Welcome!*

# RESULTS Anti-Oppression Values

The RESULTS logo consists of the word "results" in a white, lowercase, sans-serif font, positioned inside a red speech bubble shape that points towards the bottom-left.

*RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists.*

*We commit to opposing all forms of oppression, including racism, classism, colonialism, white saviorism, sexism, homophobia, transphobia, ableism, xenophobia, and religious discrimination.*

*At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.*

*With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.*

*There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.*

  - \$11 billion for global response, including **\$3.5 billion** for the Global Fund to Fight AIDS, TB, and Malaria
  - **\$25 billion** for emergency rental assistance
  - Expands the EITC and Child Tax Credit
- Another reconciliation package (for FY 2022) is possible later in the year
- RESULTS shifting focus to long-term policy priorities

# Congress decides where our money goes.

results

Congress sets funding levels for global programs during the **appropriations** process. This funding can support health, education, nutrition, and economic opportunity for families around the world.

# Fiscal year 2022 appropriations

The logo consists of the word "results" in white lowercase letters inside a red speech bubble shape.

- Every member of Congress has an opportunity to weigh in on how funding is allocated – **your voice matters!**
- Priority issues:
  - Global Tuberculosis
  - Global Partnership for Education
  - Global Nutrition

# It's possible to end the global tuberculosis epidemic once and for all.

- COVID-19 pandemic is reversing decades of progress on TB
- TB still the **#1 infectious disease killer** in low- and middle-income countries
- Biggest obstacle to progress is lack of political will and funding.

# All kids deserve the chance to learn equally, learn early, and learn well.

- COVID-19 related school closures disrupted learning for **1.5 billion** children
- The Global Partnership is the only public-private partnership exclusively focused on **quality education**
  - *Replenishment conference this year for next 5-year period*

# Adequate nutrition helps kids reach their full potential and saves lives.

- Childhood malnutrition goes hand in hand with poverty
  - **150 million** additional people driven into extreme poverty in 2020
- The first 1,000 days are a critical window of growth and development
- Before COVID-19, nearly 1 in 5 children globally was stunted.

# Hardship in the U.S. now

results

## Adults With Children Face Higher Household Hardship

February 3–15

Note: Not enough to eat = sometimes or often not enough to eat in last 7 days. Difficulty paying for household expenses = somewhat or very difficult to pay for usual household expenses in last 7 days. Percentages exclude individuals who did not respond to the question.

Source: CBPP analysis of Census Bureau Household Pulse Survey tables for February 3–15, 2021

## Children's Risk of Not Getting Enough to Eat Varies Widely by Race

Share of children in households where the children didn't eat enough in the last 7 days because the household couldn't afford it

Note: These estimates are approximations; the Pulse Survey was designed to provide data on adult well-being, not precise counts of children. Race/ethnicity is based on that of the adult respondent. Other/Multiracial not Latino = people identifying as American Indian, Alaska Native, Native Hawaiian or Pacific Islander, or more than one race. Percentages exclude individuals who did not respond to the question.

# We need to address the underlying housing crisis with bold long-term solutions.

## Rental Assistance

- Dramatically scale-up assistance for low-income renters
- Make Housing Choice Vouchers universal – so all those eligible get federal housing assistance

## Housing supply

- May work on increasing supply of affordable housing
- Housing = infrastructure

## Longer term

- Look at policies to reduce racial wealth inequality, including home ownership

## Tax credits for low-income workers and families should be expanded permanently.

- Expanding (and restructuring) the CTC could **cut child poverty by almost half**
  - FYI bipartisan CTC expansion proposals
- Expand EITC for younger workers/others who don't claim dependents
- COVID relief makes temporary changes, then work to lock in permanent tax policies in a recovery package

# Now is the time to be bold.

The logo for 'results' is located in the top right corner. It consists of a red speech bubble shape with the word 'results' written in white, lowercase letters.

- Biden Harris Administration developing their recovery plans now – and members of Congress are communicating their priorities
- **Make sure your members of Congress hear from you!**
- Opportunity to secure large-scale policies that:
  - Dramatically reduce child poverty
  - Address the disproportionate impact of racist housing policies for Black renters and other communities of color

# Now is the time to be bold.

**Table 1. Poverty Impacts of the AFA and the AFA combined with the Section 8 Expansion, Children under age 18 by Race/Ethnicity**

	Baseline Poverty Rate	With AFA	Percent reduction	With AFA and Section 8 expansion	Percent reduction
Overall	13.7%	7.9%	42%	4.9%	64%
Black, non-Hispanic	23.7%	11.4%	52%	7.3%	69%
Hispanic	21.7%	12.9%	41%	6.2%	71%
Multiracial or another race, non-Hispanic	12.4%	7.7%	38%	5.2%	58%
White, non-Hispanic	7.0%	4.5%	36%	3.5%	51%

*Combining a Child Tax Credit expansion with Section 8 housing voucher expansion cuts child poverty for all children & helps narrow the racial child poverty gap*
