Happy New Year!

Our Anti-Oppression Values

The logo for RESULTS, featuring the word "results" in white lowercase letters on a red speech bubble background.

RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists. We commit to opposing all forms of oppression, including ableism, ageism, biphobia, classism, colonialism, homophobia, racism, religious discrimination, sexism, transphobia, white saviorism, and xenophobia.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

House passed ***Build Back Better Act*** on November 19

- makes Child Tax Credit (CTC) fully refundable permanently
- restores eligibility for immigrants (via ITINs)
- extends larger CTC through 2022
- extends larger Earned Income Tax Credit (EITC) through 2022
- \$25 billion in rental assistance – including \$22.1 billion in new Housing Choice Vouchers
- \$1.3 billion in pandemic preparedness, which includes increasing global vaccine manufacturing capacity.

BBB has stalled in Senate

- On 12/19, Sen. Joe Manchin (D-WV) said he won't support current version of BBB.
- To pass Senate, need 50 votes (plus VP Harris) and bill must comply with Senate budget reconciliation rules, i.e. it will likely change. If so and it passes, must go back to the House for a final vote.
- Negotiations are ongoing. Action on BBB delayed until end of January or later.
- Key anti-poverty policies may be excluded in this once-in-a-generation legislative opportunity – let's not let that happen!

Debt is a hidden burden for Americans experiencing homelessness.

 <https://www.nytimes.com>

- Rise in wages have not in pace with rents going up.
- Supply being built for higher end of the market.
- Only 1 in 4 eligible get federal housing assistance, with many enduring long waits.
- Temporary rental assistance, underinvestment ≠ long-term housing investment.
- Evictions (and its harmful consequences) are ongoing & expected to rise.
- Pandemic & housing crisis disproportionately impacted communities of color & other historically disadvantaged communities

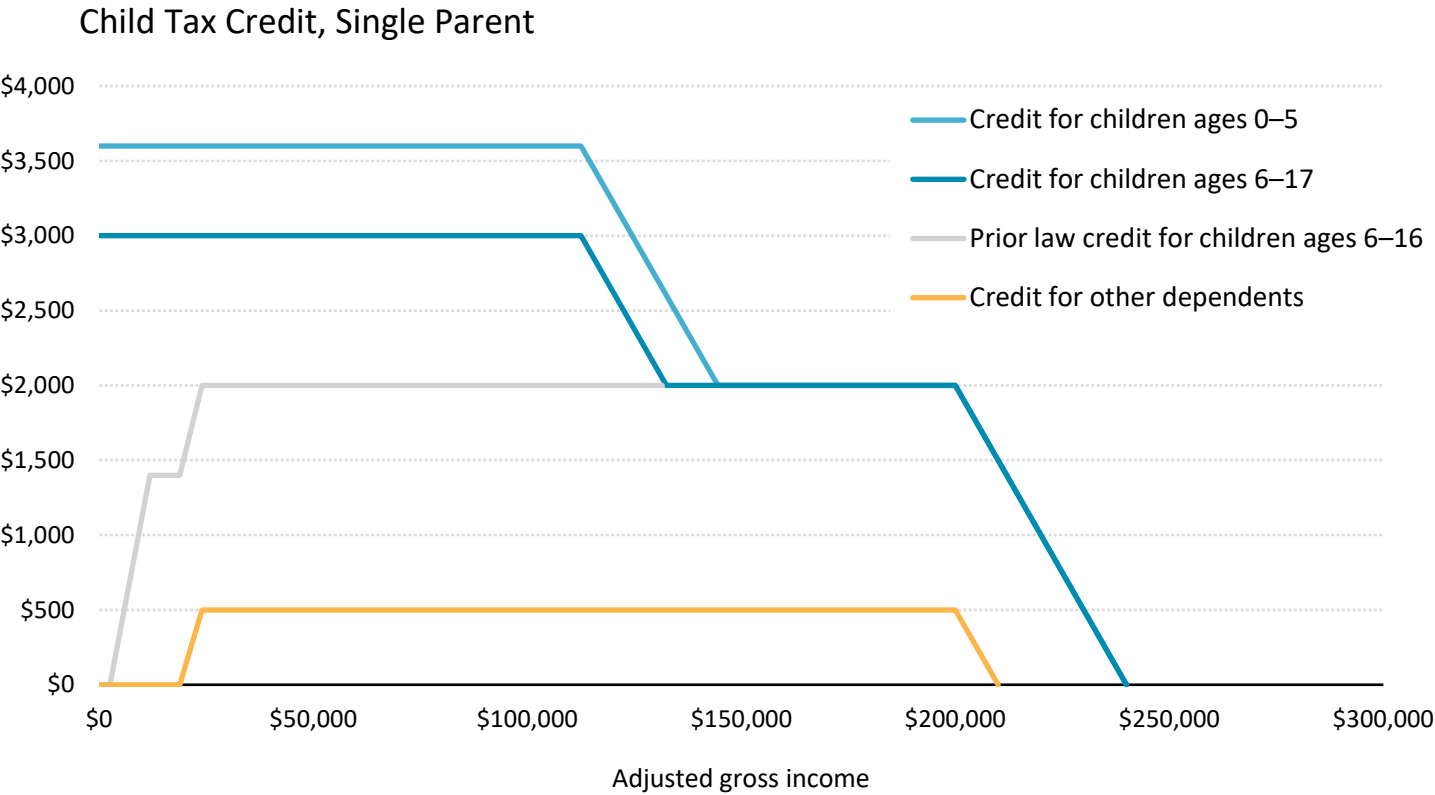

Build Back Better has \$22.1 billion in new Housing Choice Vouchers = down payment towards universal rental assistance

2021 Child Tax Credit

Monthly payments started July 15 (half of CTC paid as mo. payments, half paid as refund on 2021 taxes)

Source: Urban-Brookings Tax Policy Center calculations.

Notes: Assumes all income comes from earnings, and child meets all tests to be a CTC-qualifying dependent. \$3,000 and \$3,600 credits are fully refundable; prior law limited refunds to \$1,400 out of the maximum \$2,000 credit. Credit for married parents first phases out at \$150,000 of income until credit reaches pre-2021 level; begins second phase out at \$400,000 of income. Only citizen children qualify for the \$3,000 and \$3,600 credits for children under 18. Noncitizens under age 18 who meet the dependency tests

CTC and EITC expansions: why needed?

CTC Expansion

Estimated Number of Children Who Would Benefit Each Year From Permanent Expansion of Child Tax Credit, by State

Relative to before American Rescue Plan's temporary expansion

State	Children under 17 previously left out of full \$2,000 credit who would benefit from permanent expansion	Children under 18 lifted above poverty line by permanent expansion	Children under 18 lifted above or closer to poverty line by permanent expansion	Children under 18 who would benefit from permanent expansion	Share of children under 18 who would benefit from permanent expansion
Total U.S.	27,000,000	4,120,000	9,894,000	65,560,000	89%

EITC Expansion

Estimated Number of Working Adults Without Children Who Would Benefit Each Year From Permanent EITC Expansion in American Families Plan, by State and Race/Ethnicity

Relative to before American Rescue Plan's temporary expansion

State	Total	White	Latino	Black	Asian	Another race or multiple races
Total U.S.	17,445,400	9,658,700	3,639,600	2,739,300	815,700	592,100

Nearly 4 million children kept above the federal poverty line by the CTC in November

The fifth Child Tax Credit payment kept
3.8 million children
from poverty in November.

The CTC's anti-poverty effects have grown by
800,000 children
since the first payment, which kept 3 million children from poverty in July.

Due to the Child Tax Credit, monthly child poverty rates have dropped.

The logo for 'results' is a red speech bubble with the word 'results' in white lowercase letters.

Engage: In 2021, Congress passed a major expansion of the Child Tax Credit. This change made the full CTC available for the first time to 27 million of the lowest-income children and allowed families to receive the credit as a monthly payment.

CTC EPIC Message

The logo for 'results' is a red speech bubble with the word 'results' in white lowercase letters.

Problem: But this change expired on December 31, putting millions of children at risk of falling back or deeper into poverty in 2022.

CTC EPIC Message

The logo for 'results' is a red speech bubble with the word 'results' in white lowercase letters.

Inform: The 2021 CTC expansion is the most significant investment in reducing child poverty in a generation. And the impact has been immediate. Since the monthly payments started in July 2021, nearly 4 million children have been lifted out of poverty. Researchers at Columbia University estimate that the new CTC could reduce child poverty by a stunning 45 percent. In November 2021, the House extended the expanded CTC another year as part of the *Build Back Better Act*. However, the bill has stalled in the Senate, putting far too many children and families in financial peril as the new year starts.

CTC EPIC Message

The logo for 'results' is located in the top right corner. It consists of a red speech bubble shape with the word 'results' written in white lowercase letters inside it.

Call to Action: Congress must extend the expanded CTC, especially full refundability for all low-income families and the monthly payment option. Will you urge your Senate colleagues and leadership to make passing a CTC extension the top priority in early 2022? How may I follow up with you on this?

ORIGINAL RESEARCH

Governance and Health Aid from the Global Fund: Effects Beyond Fighting Disease

Matthew M. Kavanagh and Lixue Chen

Background: The Global Fund is one of the world's major funders for improving health systems. Others worry that the fund's unique aid instrument may reduce the effectiveness of health systems.

Objectives: This study examines the effects of Global Fund aid on governance and development.

Methods: A unique dataset of Global Fund aid from 2003 to 2017 was used. Building a set of indicators of good governance and development, we examined the effects of aid programs and aid programs on development.

Findings: We find that Global Fund aid is associated with better control of corruption, regulatory quality, voice and accountability, and rule of law.

Conclusion: Our findings support the idea that Global Fund aid supports development. At the country level, our findings support the idea that Global Fund aid supports development.

"We find evidence of a significant, beneficial effect of Global Fund aid on governance and development. Across multiple model specifications, increased Global Fund financing is associated with better control of corruption, regulatory quality, voice and accountability, and rule of law."
