The RESULTS National Webinar

May 7, 2022

Welcome!

Our Anti-Oppression Values

RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists. We commit to opposing all forms of oppression, including ableism, ageism, biphobia, classism, colonialism, homophobia, racism, religious discrimination, sexism, transphobia, white saviorism, and xenophobia.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

- 3) Support new leadership

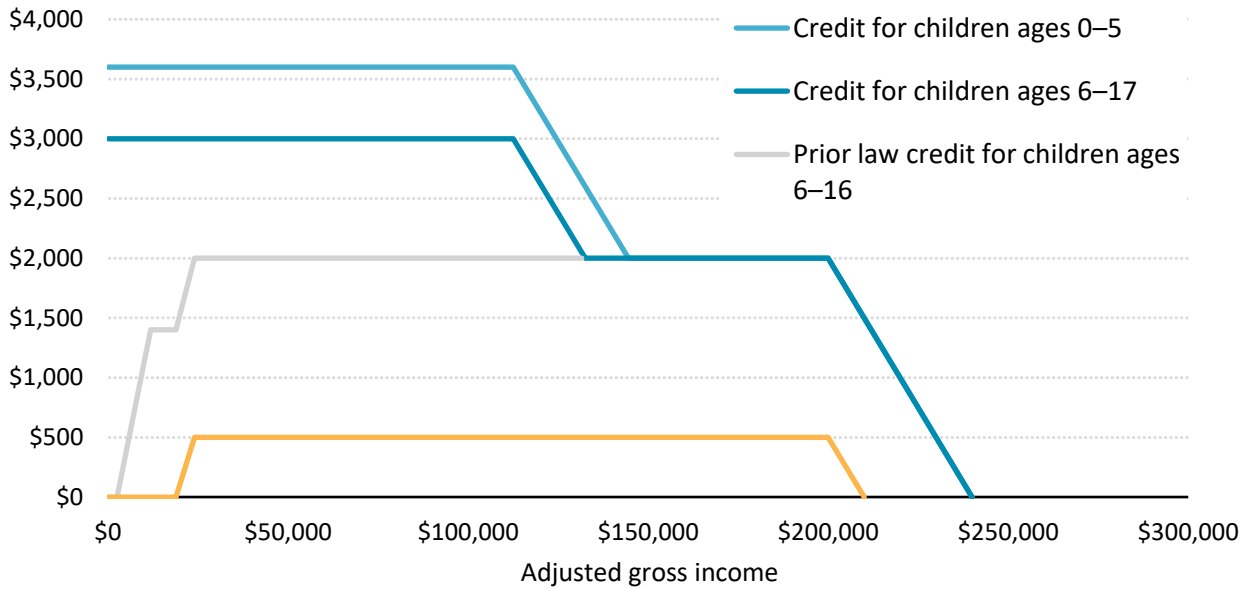

The Child Tax Credit *works*.

Changes to the Child Tax Credit in 2021

Notes: Assumes all income comes from earnings, and child meets all tests to be a CTC-qualifying dependent. \$3,000 and \$3,600 credits are fully refundable; prior law limited refunds to \$1,400 out of the maximum \$2,000 credit. Credit for married parents first phases out at \$150,000 of income until credit reaches pre-2021 level;

Significant Increase in Child Poverty as CTC Expansion Expired

Short-Term Goals:

The logo consists of the word "results" in white lowercase letters inside a red speech bubble shape.

- Extend the CTC expansion
- Ensure the lowest-income families get the full amount
- A **large-scale reconciliation package** is still our biggest opportunity to secure lasting structural changes to the tax code – especially a fully refundable CTC that reaches families with no- or low-incomes
- Policymakers looking for ways to help families with higher costs – CTC is a great tool for this!
- Goal: **secure a deal on an economic package** this month, then pass legislation this summer

Impact of Making the CTC Fully Refundable

Full permanent refundability ensures families with no- or low-incomes get the full CTC and helps close racial poverty gaps

Long-Term Goal:

- Build Broad Bipartisan Support for a Robust Monthly CTC that Reduces Poverty
- Make it clear to Congressional offices that we are **focused on this important policy and the impact on child poverty** – not the legislative vehicle
 - Ask them how they can move it forward with colleagues
- As needed: 2015 redux?
