The RESULTS Global Policy Forum

October 20, 2022

Welcome!

Our Anti-Oppression Values

RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists. We commit to opposing all forms of oppression, including ableism, ageism, biphobia, classism, colonialism, homophobia, racism, religious discrimination, sexism, transphobia, white saviorism, and xenophobia.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

Understanding the Impact of TB

Our speaker

- **Maggy Ngombi** is a TB survivor and advocate from New Jersey with a background in Economics and Finance. An active TB infection in 2019 led her to remain isolated for nearly 2 years.
- During this ordeal, Maggy was astonished to learn about the mortality rate linked to TB and its overall socio-economic impact.
- Maggy currently works for the National Tuberculosis Controllers Association, providing community engagement and treatment support through We Are TB, a TB Survivor advocacy organization.
- Besides empowering and equipping people with hope and confidence for a future without TB, Maggy is passionate about enhancing cultural awareness in the aim to make each patient feel listened to, loved, and valued.

Global Impact

FIG. 13
Estimated TB incidence rates, 2020

Source: World Health Organization 2021 Global Tuberculosis Report

- Tuberculosis sickens over **10 million people** every year, and killed **1.5 million people** in 2020.
- Over **95 percent** of TB cases and deaths are in low-income countries.

Tuberculosis in 2020

results

- WHO confirmed the first **increase in TB deaths** in over a decade.
- An estimated **1 million fewer people** received TB diagnoses and treatment.

FIG. 1

Global trend in case notifications of people newly diagnosed with TB, 2016–2020

Source: World Health Organization 2021 Global Tuberculosis Report

Future Impact

- Because of COVID, the global End TB Strategy and United Nations targets for TB are now off track.
- Failing to meet those goals will lead to an additional **43 million people** developing TB by 2030, and **6.6 million deaths**.
- This will cost upwards of **\$1 trillion** in economic loss and **234 million disability-adjusted life years**

The End TB Now Act (H.R. 8654 / S. 3386)

End TB Now Act (H.R.8654 / S.3386)

The logo consists of the word "results" in a white, lowercase, sans-serif font, positioned inside a red speech bubble shape that points downwards and to the left.

- Directs USAID to set bold targets to **reach vulnerable populations** and detect, cure, and prevent all forms of TB.
- **Improves coordination** with global organizations, including the Global Fund, and catalyzes support for **R&D of new tools** to prevent, diagnose, and treat TB.
- Requires annual reporting to Congress that **evaluates the effectiveness and impact of TB programs**, including their progress in recovering from the effects of COVID.

Current Status

results

- Introduced by Sens. Menendez (D-NJ) and Young (R-IN), and Reps. Bera (D-CA) and Salazar (R-FL)
- Goal: Gain bipartisan cosponsors in both House and Senate
- Goal: Pass the bill through committee and on the floor.
