RESULTS National Webinar
October 1, 2022
Welcome!
Our Anti-Oppression Values

RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists. We commit to opposing all forms of oppression, including ableism, ageism, biphobia, classism, colonialism, homophobia, racism, religious discrimination, sexism, transphobia, white saviorism, and xenophobia.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn’t fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

Election Engagement
Election Engagement

• Why should I engage with candidates?
  o Educate them on the issues
  o Build allies before they take office
  o Hold candidates accountable for campaign promises
  o Good for democracy
• Why should I engage with candidates?
  o It’s also necessary
  o We are in a favorable position on our U.S. (CTC expansion) and global issues (READ and TB bills) – but continued pressure is needed
Election Engagement

• Why should I engage with candidates?
  o Great way to inspire new advocates
    ▪ Public events draw attention to our issues
    ▪ Candidate meetings are great to inspire new people
    ▪ Generating media aimed at candidates can be empowering
Election Engagement

• How do I find candidates?
  1. Visit townhallproject.com
  2. Sign up for campaign newsletters
  3. Follow candidates on social media
  4. Check the newspaper
  5. Call their offices
Election Engagement

• Other ways to find candidates
  o Campaign fundraisers
  o Media calling on candidates to take action
  o Community events (e.g., parades, outdoor markets)
  o Volunteer for the campaign
  o Lobby meetings (better chance after election)

Fall 2022 Campaigns

Economic justice through the tax code

- Child Tax Credit
- Renters’ Tax Credit
Celebrating Historic Reductions in Child Poverty

Poverty Rates for Children Using Official* and the SPM: 2009 to 2021

Notes: People as of March of the following year. Official\(^*\) includes unrelated individuals under the age of 15. The Supplemental Poverty Measure (SPM) estimates for 2019 and beyond reflect the implementation of revised SPM methodology. The data for 2017 and beyond reflect the implementation of an updated processing system. The data for 2013 and beyond reflect the implementation of the redesigned income questions. Source: U.S. Census Bureau, Current Population Survey, 2010 to 2022 Annual Social and Economic Supplements (CPS ASEC).
**RESULTS U.S. Poverty Key Action**

Short-term: tell Congress to **extend the Child Tax Credit (CTC)**

- Highlight that **the CTC strengthened families and helped them weather tough times**

- Urge them to **prioritize expanding the CTC in year-end legislation**, and that you oppose any more tax breaks for large corporations unless they include support for families.

- They should specifically **voice that CTC is a priority for year-end legislation to Congressional leadership**.

Look for opportunities to engage Congress and candidates, and coordinate with your group to directly follow up with tax aides. If you are contacting moderate or conservative offices, read [RESULTS Blog post](#) for messaging tips.
Expanding the Child Tax Credit (CTC) is pro-family policy that reduces poverty. [Share your own experience and/or state data]. Monthly payments put money back into the hands of families that know best how to use it, whether it was for housing, food, education, or monthly bills. **Will you work to expand the CTC — prioritizing families with the lowest incomes — in any tax legislation this year?**
Reform the Tax Code to Reduce Poverty and Help Struggling Renters

Long-term: build on the anti-poverty success of CTC and **prioritize renters and reducing poverty in any future tax code reform**.

Use the **October U.S. Poverty Action** to support others to write letters to Congress about the CTC along with laying the groundwork for our work in 2023 and beyond.

**Look for opportunities to engage Congress and candidates.** Want additional resources to engage your community and candidates? See our **Fall Campaign page** (https://results.org/fall2022).
Renters contribute to our economy, yet our tax code leaves them behind while providing more subsidies to wealthier special interest groups. A renters’ tax credit would help low-income families afford a safe place to live without sacrificing other basic needs. [Share your own experience about rent affordability and/or how a renter’s tax credit can help you]. **Will you commit to prioritizing renters by including a renter’s tax credit in any reform of the tax code?**

Why TB as a priority?

Before COVID-19, TB was the **leading infectious disease killer** globally.

TB is a major consequence **and driver** of poverty.

TB is under-funded **because** of who it affects.

The End TB Now Act is introduced in the House & Senate

But we need MORE Co-sponsors in both Chambers!
The End TB Now Act Co-sponsors to date:

**House:** 12 co-sponsors including the House leads Bera (D-CA) and Salazar (R-FL)

**Senate:** 3 co-sponsors
Menendez (D-NJ), Young (R-IN), Braun (R-IN).
Leverage this Election Season

Engage and inform your members of congress, and candidates on what we need to do to end TB.
Tuberculosis (TB) is the second leading infectious disease killer in the world after COVID-19 and disproportionately affects impoverished and marginalized communities. In 2020 alone, over 10 million people contracted TB and 1.5 million people lost their lives. Can I count on you to look at the End TB Now Act (S.3386/H.R.8654), cosponsor it, and help get it passed?
The Stop TB Partnership estimates that failing to implement bold goals to prevent TB will lead to an additional 6.6 million TB deaths by 2030. This will cost countries, communities, and families upwards of $1 trillion in economic loss by 2030. **Will you take action by cosponsoring the End TB Now Act (S.3386/H.R.8654)?**
