RESULTS National Webinar
March 4, 2023
At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn’t fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

Set the Agenda!

results.org/set-the-agenda
1. **Planning Goal:** 100 percent of RESULTS groups complete their Group Roadmaps by January 31. **76 percent are complete.**
   - If you have not updated your Group Roster and completed your Group Roadmap, please do so ASAP.
   - Contact Jos Linn with questions (jlinn@results.org).

2. **Organizing Goal:** Engage all new advocates in leadership by inviting them to attend and speak at congressional meetings. **Most groups are reaching out to our 4,500 “warm leads” and getting some positive responses.**
   - If you have questions, contact Alicia Stromberg (astromberg@results.org).
3. **Advocacy Goal:** Meet with 100 percent of congressional offices we cover by end of March. **Groups have had at least 40 meetings so far (with many more requests made)!**

Engage: The tax code provides billions in tax subsidies to homeowners, developers, businesses, and landlords, but almost nothing for the nearly 44 million Americans who rent.

Problem: Even employed households are having trouble keeping up with skyrocketing rents.

Inform: A Renter Tax Credit would help. The credit would be targeted to rent-burdened, low-income households and paid out on a monthly basis, essentially capping out-of-pocket rent and utilities costs at 30 percent of total income. This would allow low-income renters to afford a safe place to live without sacrificing other basic needs. It would broadly benefit households that existing housing and homelessness programs are unable to serve, resulting in fewer evictions and fewer people experiencing homelessness.

Call to Action: Stable housing is the foundation of financial security. Will you support using the tax code to target relief to renters with a Renter Tax Credit? May we follow up with you with more details on how to use the tax code in this way? What’s the best way to follow up with you?
Engage: Tuberculosis - an airborne bacteria - now kills more people each year than HIV and malaria combined.

Problem: COVID, conflict, and other crises have specifically taken a toll on the fight against tuberculosis. This disease drives and exacerbates global poverty, and it targets vulnerable populations. Alarmingly, TB cases increased in both 2020 and 2021. In 2021, 1.6 million people worldwide died from this often-curable disease.

Inform: The U.S. has been a leader in the fight against TB, and fiscal year 2024 decisions will soon be made in Congress by the committee that funds foreign aid.

Call to Action: Will you write and speak to the leadership of the State and Foreign Operations Subcommittee of Appropriations and ask that they include at least $1 billion for USAID bilateral tuberculosis funding in the FY24 spending bill? Will you also ask for at least $2 billion for the Global Fund to Fight AIDS, TB and Malaria?

State of Play on the Hill

- Bipartisanship still possible and key to getting something done in current Congress
- Lobby meetings key to setting agenda, lay groundwork for possible tax legislation later this year.
State of U.S. Economy

• Employment rose and joblessness is at an all-time low.
• But Americans feel poorer because of lingering inflation: the average consumer good cost 6.4 percent more in January 2023 than in January 2022. Food costs rose 10 percent.
• Lower-income Americans are struggling the most.
  • In the Gallup poll, 61 percent of low-income respondents said they are worse off than a year ago, compared to 43 percent of upper-income people.
• Securing housing in the current market remains challenging for many.

Take Action on Key U.S. Poverty Priorities

• **Child Tax Credit**
  Tell your member to urge colleagues – especially on Senate Finance and House Ways and Means – and leadership to expand the Child Tax Credit (CTC) with monthly payments prioritizing the lowest-income families in any tax legislation this year.

• **Renter Tax Credit**
  Urge your member and their staff to read the RESULTS Renter Tax Credit policy brief to get more information about how this works. In addition, urge them to do their own research on tax policies that help lower-income renters, and to meet directly with constituents struggling with rent costs to discuss policy solutions.
