**Welcome!**

# Our Values

The logo for RESULTS, featuring the word "results" in white lowercase letters inside a red speech bubble shape.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

**Read our full anti-oppression values statement here at [results.org/values](https://results.org/values).**

Subject: Take action to end poverty with RESULTS (city or state)

Hello (their name),

My name is (your name) and I am a volunteer advocate with RESULTS in (city or state). You recently reached out to learn about advocacy and how we fight poverty with policy change.

We have an opportunity for you to make a difference this month. We are getting our community together to call for solutions to poverty, and we want you to be there! Our group is hosting a community action coming up on (date and time).

Please join us at (location). There is no cost to register. (Include any additional details about your action). Can you make it?

In our communities, one in six children are going to bed hungry. And yet, members of Congress are turning their attention to the busy election year to build their own power. We can't let them leave the needs of those experiencing poverty behind.

With one hour of your time, you can make a difference in our community. I hope to see you there.

## Restorative Justice & Global Conflict

Facilitated by DC Peace Team

**June 17 | 8 PM ET to 10 PM ET**

This session will be held as a space for you to openly share how global conflict is impacting how you show up as an advocate. This space will NOT be an exchange for political or religious ideology, but rather a safe place for expression and how war in other areas of the world is affecting us. The space will also allow for reflection on how we can utilize restorative processes to move toward personal and global healing.
