RESULTS National Webinar

June 1, 2024

Welcome!
Our Values

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn’t fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

Read our full anti-oppression values statement here at results.org/values.

Rallying Congress for Gavi

May 1, 2024

The Honorable Barbara Lee
Committee on Appropriations
Subcommittee on State-Foreign Operations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Díaz-Balart and Ranking Member Lee,

As we work to determine priorities for the Fiscal Year (FY) 2025 State, Foreign Operations and Related Agencies Appropriations Act, we respectfully request that you provide $300 million for the Nutrition account and $340 million for the Maternal and Child Health (MCH) account at USAID. Adequate funding for the Nutrition and MCH accounts is necessary to preserve effective, evidence-based, poverty-focused programming within the Global Health Programs account at USAID. Aids to low- and middle-income countries (LMICs).

The U.S. has also fallen behind on its record of supporting life-saving investments in global child survival. Maternal and child mortality has dropped by 58 percent and neonatal mortality by 46 percent globally since 1990 thanks to development, progress has been halved in LMICs.

Sincerely,

The Honorable Mario Díaz Balart

Restorative Justice & Global Conflict
Facilitated by DC Peace Team

June 17 | 8 PM ET to 10 PM ET

This session will be held as a space for you to openly share how global conflict is impacting how you show up as an advocate. This space will NOT be an exchange for political or religious ideology, but rather a safe place for expression and how war in other areas of the world is affecting us. The space will also allow for reflection on how we can utilize restorative processes to move toward personal and global healing.
