

Congress: Co-sponsor the Restoring Food Security for American Families and Farmers Act of 2025

Engage: In the One Big Beautiful Bill Act (OBBBA), Congress enacted the biggest cuts to nutrition assistance in our country's history.

Notes

Problem: As a result, 4 million children and 500,000 seniors and adults with disabilities will lose access to vital food assistance through the Supplemental Nutrition Assistance Program (SNAP).

Inform: SNAP helps 40 million Americans put food on the table each month. Most recipients are working families with children, elderly persons, and people with disabilities. The OBBBA cuts will force states to cut nutrition services. Also, burdensome work reporting requirements will erect roadblocks that deny children and families much needed help.

Call to action: The [Restoring Food Security for American Families and Farmers Act of 2025](#) would repeal the disastrous OBBBA cuts to SNAP. Will you stand up for families and children by co-sponsoring this legislation?
