

Amplify Every Voice at the RESULTS National Conference

This July, RESULTS advocates from across the country will gather in Washington, D.C. to meet with members of Congress and bring the voices of their communities directly into the halls of power.

But this moment is about more than a few days in Washington, DC.

It's an opportunity to raise our voices together and show that people across the country are paying attention to the decisions impacting our communities.

You don't have to travel to D.C. to be part of it.

Every action taken from home strengthens our advocacy and helps build a louder, more connected movement. This grows our power to influence members of Congress.

Take individual action through media, letters, and calls.

Expand your voice beyond your group by connecting with local partners.

Mobilize more people to take action with you.

Build leadership and support new advocates to grow.

The actions below are ways you can amplify the National Conference moment from wherever you are.

Choose an action that feels most meaningful and accessible for you.

After completing an action, please report it through our lobby, media, or outreach forms at: <https://results.org/volunteers/reporting-your-advocacy-actions>

Young advocates can join in too! If there are kids in your life, check out the [ABC Coalition's Color for a Cause packet](#) for a fun and creative way for kids to share messages of what makes them feel safe, happy, and hopeful with legislators.
