RESULTS Values Statement

RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists. We commit to opposing all forms of oppression, including racism, classism, colonialism, white saviorism, sexism, homophobia, transphobia, ableism, xenophobia, and religious discrimination.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

Some House Conclusions

- We need to engage all Reps. who have shown support in the past to grow support.
- There are still new Reps. to educate and move into action. About 37/101 signed.
- We need to engage new Republicans—for true bipartisanship—but there are fewer.
- Let's be creative in moving our Reps. up the champion scale.

Senate Appropriations Actions

Senate SFOPS' deadline to hear from other senators is April 26. All requests from our Senators to Senators Graham and Leahy must be submitted by that date.

1. Ask senators to submit our appropriations requests directly to the State and Foreign Operations Subcommittee (SFOPS). Ask them to let you know which of our request they include to SFOPS.
2. Ask your senators to sign on to the Dear Colleague letters. Letters have their own dates.

Will You Make This Year's Conference Great By Being There?

RESULTS INTERNATIONAL CONFERENCE

July 13-16, 2019 | Washington, DC

Dear Supporter,

Thank you for considering supporting RESULTS advocates in your community to take part in the RESULTS International Conference, July 13-16 in Washington, DC.

RESULTS has been providing transformative civic engagement experiences to advocates across the nation, and internationally, for nearly 40 years. We provide training, support, and inspiration to our advocates so they can influence decision-makers in Washington on policies and funding that will bring end to poverty. Globally, our efforts have helped cut preventable child deaths in half, cut AIDS deaths in half, put more children in school, and put us on track to ending a number of diseases of poverty. In the U.S., our advocacy has helped protect and expand Medicaid, SNAP, tax credits for working families, and Head Start. In 2019, we are working to add access to affordable housing to that list.

Our annual RESULTS International Conference is a vital component in our advocacy work. Attendees learn about the root causes of poverty and effective solutions. They gain skills in working with lawmakers, the media, and their community to move important issues forward, while also connecting with advocates from around the world. Most importantly, conference participants spend an entire day on Capitol Hill doing hundreds of meetings with members of Congress and their staff to discuss practical solutions to poverty. This is a rare and transformative experience.

At a time when it is needed most, there are few organizations that offer this level of civic engagement training and experience. **Would you consider investing in RESULTS advocates in your community to attend the RESULTS International Conference?**
