# Our Values & Resources

**Global Allies Program**

*Partners Ending Poverty with RESULTS*

*At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.*

*With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.*

# House FY26 Appropriations Bill

This isn't a sign that we're done. The rescissions package still passed. The House bill still gutted other critical work. Millions of people are still being denied TB treatment, nutrition, education, and more.

**But it's a sign that you **are** making a difference.  
And that we need to keep going.**

## The Senate's red-line on cuts:

...Provided, That none of the amounts rescinded under this paragraph shall be from the unobligated balances for the following programs: HIV/AIDS, Tuberculosis, Malaria, Nutrition, or Maternal and Child Health

S.Amdt.2853 — 119th Congress
