Our Anti-Oppression Values

The logo for RESULTS, featuring the word "results" in white lowercase letters on a red speech bubble background.

RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists. We commit to opposing all forms of oppression, including ableism, ageism, biphobia, classism, colonialism, homophobia, racism, religious discrimination, sexism, transphobia, white saviorism, and xenophobia.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

Global Fund Replenishment

Global Fund to Fight AIDS, TB and Malaria

- Huge opportunity later this year: U.S. is host of the Global Fund Replenishment conference.
- We have been supporting Global Fund since 2002 because it works.
- First step in successful replenishment: Administration must be ready to make a bold pledge. Bipartisan House Sign-On letter a key tool in this.
- We will be taking other actions on this campaign.

COVID-19

Vaccine Supplemental

- Coalition group has been working to get \$17 billion in supplemental funding in FY22 spending bills to meet COVID-19 needs in low- and middle income countries. Total need is \$64 billion, \$17 billion is US shares
- We've been generating media and doing targeted outreach to appropriators on this—had about 3 dozen meetings this week with offices. We have a fact sheet if you are interested.
- We may call on all of you to weigh in as this effort continues, but Global Fund letter key now.

Global Malnutrition Prevention and Treatment Act

- Took action on this in December and will continue working on these bills in 2022: HR4693 and S2956
- Goal: past a final global nutrition bill into law before the end of 2022
- More actions to come

Update on Global Malnutrition

- **December:** Learned laser talk on global nutrition, made calls to our members of Congress to cosponsor S.2956 & HR4693.
 - o Find recording here:
<https://results.org/volunteers/training-webinars/>
- **January:** Took deeper action: trained GAP how to directly contact Foreign Policy aides and start building a relationship, follow up until we get an answer.
