

RESULTS
the power to end poverty

TALK TO CONGRESS FACE-TO-FACE

RESULTS International Conference
Washington DC | July 22-25, 2017

Feel like social media posts just aren't enough? Tried calling Capitol Hill, but want to do more? Join us in Washington this summer and talk to Congress FACE-TO-FACE.

The RESULTS International Conference is a chance for advocates of all levels and backgrounds to use their voices to change the world. You'll spend three days with leading experts and fellow advocates from all 50 states and more than 20 countries. Then we'll take our message straight to Capitol Hill.

How can we advance the fight against poverty? How do you move a member of Congress to act? How do you mobilize your community in moments of uncertainty and division? How can you get published in the media?

We'll tackle these questions and more in three days of speakers and hands-on advocacy training. But what makes this conference transformational isn't what's in the agenda: it's who's in the room.

Congress needs to hear from you.

ABOUT RESULTS

RESULTS is a movement of passionate, committed everyday people. Together they use their voices to influence political decisions that will bring an end to poverty.

Volunteers receive training, support, and inspiration to become skilled advocates. In time, volunteers learn to effectively advise policy makers, guiding them towards decisions that improve access to education, health, and economic opportunity.

With every hour of their time, volunteers multiply their impact through the enormous power of advocacy — whether it's helping change policy to support millions of families putting food on the table or helping raise billions of dollars for the world's most vulnerable children.

Backed by the in-depth research and legislative expertise of staff, RESULTS advocates realize the incredible power they possess to use their voices to change the world.

REAL CHANGE

ORGANIZING AND ADVOCACY FELLOWSHIP

The REAL Change Organizing and Advocacy Fellowship is a hands-on training program for young people between the ages of 18–30 who are ready to become the next generation of advocates fighting poverty. During the yearlong program, fellows learn how to work with the media, their communities, and policymakers to create change.

Once selected for the fellowship, participants receive a crash course in advocacy at the RESULTS International Conference in Washington, DC. After three days of coaching and inspiration, fellows spend the final day of the conference on Capitol Hill and speak directly with members of Congress and their staff. Throughout the rest of the year, fellows receive ongoing training on biweekly calls. They hone their advocacy skills taking actions ranging from writing letters to the editor to hosting events to calling their members of Congress.

How to apply:

All interested applicants must be between the ages of 18–30, able to commit 6 hours a week to the program, and attend the 2017 RESULTS International Conference on July 22–25, 2017. To apply, complete the application form at www.results.org/realchange.
