Partners Ending Poverty with RESULTS

January Webinar: Set the Agenda

January 12, 2023
RESULTS is a movement of passionate, committed everyday people. Together we use our voices to influence political decisions that will bring an end to poverty. Poverty cannot end as long as oppression exists.

We commit to opposing all forms of oppression, including racism, classism, colonialism, white saviorism, sexism, homophobia, transphobia, ableism, xenophobia, and religious discrimination.

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn’t fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

There are no saviors — only partners, advocates, and allies. We agree to help make the RESULTS movement a respectful, inclusive space.

2023 Global Policy Priorities

Global Poverty Budget & Appropriations

Continued targeted work on ending TB
Set the Agenda Campaign Goals

Advocacy Goal:
Meet with 100% of congressional offices we cover by the end of March 2023, including establishing relationships with DC and local offices.

Opportunity for RPCVs to participate with RESULTS Advocates
Mobilizing goal:
Activate the greater community (ex: Action Network) to write to congress on global poverty priorities and invite them to congressional meetings.

Opportunity to engage additional RPCVs in advocacy efforts.
Still Work to Do on TB: 2022 WHO Report

- TB is the second leading infectious disease killer after COVID
- An estimated 10.6 million people fell ill with tuberculosis (TB) in 2021, an increase of 4.5% from 2020, and 1.6 million people died from TB, up from 1.5 in 2020 and 1.4 in 2019.
- The burden of drug-resistant TB (DR-TB) also increased by 3% between 2020 and 2021, with 450,000 new cases.
- The reported number of people newly diagnosed with TB fell from 7.1 million in 2019 to 5.8 million in 2020. There was a partial recovery to 6.4 million in 2021, but this was still well below pre-pandemic levels. We are missing a huge number of people with TB.
Save the Date

World TB Day: March 24, 2023
UN High-Level Meeting on TB

September 18 - 23, 2023
Congress decides where our money goes.

Congress sets funding levels for global programs during the **appropriations** process. This funding can support health, education, nutrition, and economic opportunity for families around the world.

What is the most impactful thing you can do now?
Set the Agenda

Advocacy Training:
Requesting meetings with Members of Congress
Set the Agenda: Meeting with Congress

1. We selected them, now time to supervise
2. Make contact with the office—start with RESULTS website: 1) Leg. Look Up, 2) Letter
3. Reach out to DC and local offices with request to meet with member of Congress
4. Follow up on request
5. Invite people to join you: RPCVs, friends, family, RESULTS folks, faith community

6. Set a planning meeting time—use RESULTS lobby meeting outline. Invite us to join you and get coaching.

7. Review materials to prepare.
