Our Values & Resources

Global Allies Program

Partners Ending Poverty with RESULTS

At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.

With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.

Global Allies Program

Partners Ending Poverty with RESULTS

- Because of advocacy, we've made a lot of progress on poverty globally, 38% to 12%
- But at the current rate we won't reach 2030 Sustainable Development Goal of ending extreme poverty.
- There are still have 700 million people living on less than \$2.15/day. More than half are children.
- We need to double-down on our advocacy.

2024: Malnutrition

Global Allies Program

Partners Ending Poverty with RESULTS

- Malnutrition is an underlying cause of poverty, affecting physical and mental health, and the ability to work.
- Malnutrition is the underlying cause of nearly 50% of preventable child deaths, causes stunting (short for age) and is a leading cause of disabilities
- 1 in 5 children are affected by stunting—it robs children of their future potential.
- Good nutrition starts with the mother.

2024: Malnutrition

Global Allies Program
Partners Ending Poverty with RESULTS

We will:

- Hold USAID accountable on the Global Malnutrition Prevention and Treatment Act.
- Advocate for increased funding for global maternal and child health and nutrition.
- Lay the groundwork for a US leadership around a Nutrition for Growth pledging moment, likely in 2025.

2024: Vaccines

Global Allies Program

Partners Ending Poverty with RESULTS

We will:

- Advocate for increased funding for Gavi, the Vaccine Alliance.
- Lay the groundwork for a bold, 4-year, US pledge for the Gavi replenishment moment.
- Gavi has vaccinated over 1 billion children and prevented 17 million deaths.

2024: Education

Global Allies Program
Partners Ending Poverty with RESULTS

We will:

- Advocate for the passage of the READ Act
- Advocate for increased funding for global education
- Lay the groundwork for a bold US pledge the Global Partnership for Education during an upcoming pledging moment

2024: Our Boldness

Global Allies Program
Partners Ending Poverty with RESULTS

- We need to feature our boldness and fearlessness in 2024, taking action, reaching out to others, showing that they too can be powerful.
