*At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.*

*With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.*

Hello! My name is **Name**. I am a Returned Peace Corps Volunteer and constituent living in **city or zip code**. I am calling to share my support for Gavi, The Vaccine Alliance and House Resolution 1286/ Senate Resolution 684.

Shockingly, last year almost 5 million children worldwide died before their fifth birthday. The leading cause of death is a lack of access to basic health services like vaccines. Last year, 14 million kids missed out on the most basic vaccines and this is the most cost-effective way to save lives.

Since 2000, Gavi, the Vaccine Alliance, has helped improve access and introduce new vaccines to fight killers like pneumonia, diarrhea, and now malaria. Gavi is preparing to support over 20 African countries to introduce the new malaria vaccine and help others vaccinate low- and no-dose children for these insidious diseases.

**Representative/Senator Name**, will you co-sponsor the bipartisan Gavi resolutions (S.Res. 684/H.Res. 1286)? It will send a message to the rest of the world that we need to act now. **Thank you!**
