*At RESULTS we pledge to create space for all voices, including those of us who are currently experiencing poverty. We will address oppressive behavior in our interactions, families, communities, work, and world. Our strength is rooted in our diversity of experiences, not in our assumptions.*

*With unearned privilege comes the responsibility to act so the burden to educate and change doesn't fall solely on those experiencing oppression. When we miss the mark on our values, we will acknowledge our mistake, seek forgiveness, learn, and work together as a community to pursue equity.*

Marco Rubio

@marcorubio

After a 6 week review we are officially cancelling 83% of the programs at USAID.

The 5200 contracts that are now cancelled spent tens of billions of dollars in ways that did not serve, (and in some cases even harmed), the core national interests of the United States.

In consultation with Congress, we intend for the remaining 18% of programs we are keeping (approximately 1000) to now be administered more effectively under the State Department.

Thank you to DOGE and our hardworking staff who worked very long hours to achieve this overdue and historic reform.

**Contact your members of Congress, request that:**

- 1. End the stop-work order,** and reinstate critical programs and staff to carry them out.
- 2. Push the State Department to verify that programs under the waiver have restarted,** and expand the waiver to all global health and development programs.
- 3. Ensure Congress is involved in shaping the future of foreign aid** — standing up for programs that are focused on ending poverty and creating good health, and committed to humanitarian and lifesaving impact.
