Multiplying money, maximising children's potential

THE POWER OF NUTRITION'S APPROACH - how the private sector unlocks public sector funding

- The Power of Nutrition applies business principles to development. Our investments must be transparent, the money traceable and we hold both ourselves and our partners to account for delivering both outcomes and impact.
- We guarantee to our donors that every investment is **multiplied at least four times**.

A PLATFORM FOR PARTNERSHIPS – OUR INDONESIA PROGRAMME

KEY PARTNERS

- Government of Indonesia
- Provincial Government of West Java
- Provincial Government of NTT
- The World Bank
- Nutrition International
- Save the Children
- Australian Government (DFAT)
- Global Affairs Canada
- Asia Philanthropy Circle
- GlaxoSmithKline
- Unilever

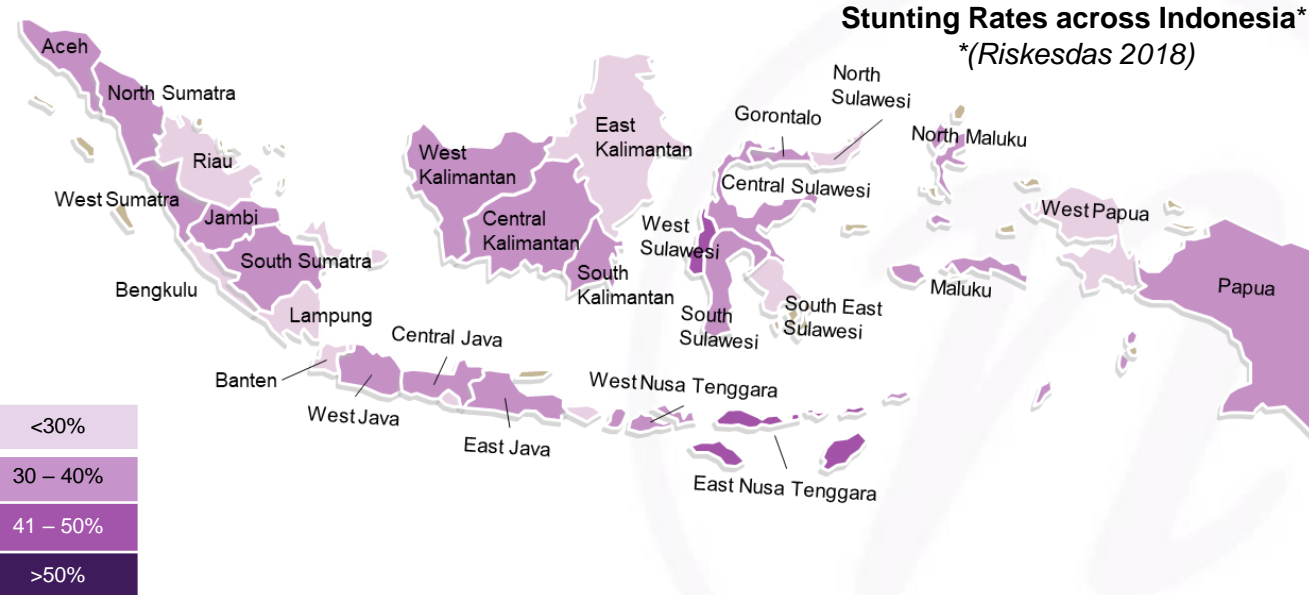

EXPECTED IMPACT

Over a five-year period, this programme will enable:

- **3.3 million people** including 734,100 women, 489,343 children under two, and 1.45m adolescent girls **to access high impact nutrition services** and
- contribute to 4,794 lives saved, 6,314 cases of stunting averted, and 161,724 cases of anaemia averted.

Partner	Funding Amount
The Power of Nutrition	\$5m
Save the Children UK & Nutrition International	\$5m
Total Programme Size	\$10m

THE POWER OF NUTRITION'S PORTFOLIO

To date, The Power of Nutrition has **active investments in 11 countries**, for a portfolio worth over **\$420 million**, with further programmes planned in our pipeline.

It has been estimated that these 11 investments will enable **27.4 million children and 12.9 million women** to access vital nutrition services and products.
