

RESULTS Vision and Strategic Imperatives

Our Vision

To be the leading catalyst of rapid progress toward a world where extreme poverty no longer exists:

- where nobody dies of causes in one part of the world or nation that are easily preventable in other parts of the world or nation
- where all children are receiving a quality education
- where all people have access to economic opportunity
- where all people have access to basic health care
- where a critical mass of people take responsibility for guiding their government decision makers and others to create a world that includes all of the above

Strategic Imperatives 2012-2015

- Expand RESULTS coverage to all 50 states and 2/3 of congressional districts
- Create more Congressional and grassroots champions
- Expand policy impact through research, rapid response, and keen problem & solution analysis
- Strengthen organizational systems to support expanding reach and impact
