

# RESULTS Organizing and Advocacy Fellowship

results

The RESULTS Organizing and Advocacy Fellowship is a hands-on training program for young people between the ages of 20-30 who are ready to become the next generation of advocates fighting poverty. During the year-long program, fellows learn how to work with the media, their communities, and policymakers to create change.

Once selected for the fellowship, participants receive training in advocacy and attend the Spring Policy Summit in Washington, DC. After coaching and inspiration, fellows spend the final day of the Summit on Capitol Hill and speak directly with members of Congress and their staff. Throughout the rest of the year, fellows receive ongoing training on biweekly calls. They hone their advocacy skills, taking actions ranging from writing letters to the editor, hosting events, and calling their members of Congress.
